

Art Competition - Teacher's Day

On 18 October 2011, HFS students participated in an intra-school Teacher's Day Art competition. The competition was organized by our Art teacher, Ms. Sarwat Naz in which the students were asked to draw from their imagination the concept of a teacher in their minds. They had to draw / sketch and color / paint their pictures using different art materials. The main aim of the competition was:

- (i) to instill the value of a teacher in the eyes of the student,
- (ii) to improve and test the students' drawing skills,
- (iii) to teach them the proper use of different art material and utilization of waste material and;
- (iv) to induce a competitive environment for the students.

Alhumdulillah all the students participated with great zeal and zest and enjoyed this activity a lot. The competition served as an excellent platform for the students to display their art skills. The winners of the competition were awarded certificates on 26 October 2011. Following are the names of our young winning artists:
