SUMMER PACK FOR SENIOR LEVEL ONE

Dear Parents, Assalamoalikum,

The Concept of giving holiday homework to children is to make them reinforce and revise the work done in class.

It is also recommended that you encourage your child to read as many picture stories/ books/ articles as possible. Please encourage your child to work independently and give guidance only when required, otherwise the whole objective of any exercise will be lost.

We wish you all a relaxing and enjoyable summer break with wonderful weather of monsoon and look forward to welcoming you after the summer holidays. In advance we are wishing you happy RAMADAN and EID. May Allah shower his blessing on you and your family. Ameen.
